

Act Quickly! This Coach Training Grant Opportunity Won't Last Long!

You've been looking for the perfect way to bring coach training to your district and to do it in a cost-effective way. Well, here it is!

Learning Forward has selected Coaching For Results Global to be the service provider for a special grant - **The Leading for Learning: Sybil Yastrow Superintendent's Grant**. This is a three-year, \$40,000 district/foundation partnership grant for superintendents that was established in honor of Sybil Yastrow.

The superintendent who is awarded this grant will, in collaboration with a district leadership team, lead his or her district to develop a culture of high-performing professional learning communities to achieve Learning Forward's purpose. The grant will include a four day seminar provided by CFR Global during both years one and two of the grant with follow-up consultation and coaching provided. The grant will cover \$20,000 of the cost of the project while the district of the selected superintendent will be responsible for the other \$20,000.

This is a wonderful opportunity for a superintendent and his/her leadership team to transform their district with CFR Global as their thinking partner. This is also a great opportunity for a school district's superintendent and leadership team to receive three years of services for approximately half the normal cost.

You must act quickly, though. **The deadline for applications must be received by Learning Forward by March 1, 2012.**

Full information about the Sybil Yastrow Superintendent's Grant, application materials, and scoring rubrics are available at:
